

Jessica's Journey

Saturday 20 November

Please join Jessica Levine's friends and family on the 20th November for Jessica's Journey. Following one of her favourite routes through the Wolds - its just a short journey from Welton, through Elloughton Dale past the seat in Jessica's memory, and then down Spout Hill into Brantingham. It's about 4 miles and only takes about 90 minutes and is suitable for all ages.

Meet at The Green Dragon at 12:30 and arrive at The Triton from 2:00 onwards. (The Triton is open all afternoon for hot drinks, snacks and meals). If you can't make the walk, you are welcome to join us at The Triton to chat and remember Jessica.

Two years ago, Jessica Levine aged 27, sadly lost a 4 year battle against cancer. Throughout her illness she endured various different courses of chemotherapy, a stem cell transplant, a bone marrow transplant and radiotherapy. The support from her loved ones definitely helped Jessica to remain brave and positive throughout her treatment.

Jessica's bravery touched the hearts of so many, her ability to keep smiling until the very end really was a true inspiration. Jessica was a true "party animal" and always lived life to the full.

Towards the end she took great enjoyment from the simple things in life that many of us take for granted. "Plimping" as Jess used to call it, around the beautiful local villages and dales allowed her to collect her thoughts and provided her with the strength to remain positive.

Jessica's final days were spent at the family home, surrounded by those closest to her.

You are invited to join us on Jessica's Journey, a picturesque walk following the route that she would so often enjoy.

**Further events are planned in Jessica's memory
- details can be found at
